

Job Description

Beet Receiving Station-General Labor

The Amalgamated Sugar Company LLC – Various Idaho locations, see map for details.

Amalgamated Sugar Company is seeking to fill positions at our beet receiving stations. These are seasonal positions lasting between six to eight weeks and are an excellent pathway to a long-term career at Amalgamated Factories. Areas of assignment include Receiving Station Crew, Piler Operator, Tare Sample, Field Loader Crew and Scale House. Duties may include checking quality assurance of beet crop, tracking samples using a tablet, printing off tickets for beet bags, collecting sugar beet samples, and weighing inbound/ outbound trucks. These positions will start as early as August 31, 2021, with later start dates available as well. The season is short with great opportunity for overtime pay. Pay starts at \$17.40/hr.

The Amalgamated Sugar Company LLC is built on innovation and is a proud leader in the sugar industry and that can only happen with the best people. Qualified candidates need to be dynamic and have the ability to work successfully in a fluid environment.
